## LIQUID CONFIDENCE

“Cheers to the vice that brings people together.

My work consists of realistic oil paintings, highlighting a wide range of cocktails. For centuries, cocktails have been a social lubricant, providing people with the liquid courage to step outside of one’s comfort zone and strike up a conversation with a complete stranger. Cocktails are often the initiator of the first social interaction which can lead to long-lasting relationships. No matter if your preferred drink is a cold brewski or a classic martini, you feel at ease, confident, and open to making new connections. In a world where everyone is staring at a screen, cocktails give us the opportunity to destress, reflect, connect and experience life with rose colored glasses.”

“An over-indulgence of **ANYTHING**,  
even something as pure as water, **CAN INTOXICATE.**”

- Criss Jami, Venus in Arms
